Welcome Back Year 6!

Hello parents and friends,
I hope you have had a lovely half term break.

We have had a fantastic start to the year here in the Year 6 classroom. This exciting half term includes our performances for our WMTC youth cast members, our Christmas performance and the Christmas fayre.

Your Class Teacher : Mrs Bugg
Your learning assistants: Mrs Rea and Mrs Wright

Our Curriculum

Attached to this newsletter you will find the curriculum map document for this half term. In it, you can read about all the exciting learning the children have to look forward to. Our topic this term is 'Changing Populations' which is exploring where people live and what factors, such as climate change, impact global population changes. We will be moving on towards our Christmas performance and Christmas enterprise project later in the term.

Autumn 2 P.E.

This term, PE continues to be on Monday and Thursday afternoons. The children will change for P.E in school but return home in their kits so they can be washed and brought back for the next lesson. This term we will be studying netball on Mondays and tag rugby on Thursdays.

Homework

We issue homework weekly to consolidate our learning and get us ready for the expectations of homework in secondary school.

Infinity – Mondays. A fun online maths activity which is tailored to our maths learning in school and your child's level.

English – English homework will be issued weekly on a Wednesday and will be in the children's homework books. This will be due in the following Wednesday.

Topic/Science – This homework will be issued once every two weeks and due back a week after issuing – also on a Wednesday.

Weekly spellings - Fridays. Every Friday I will issue spellings; the spelling test will be completed the following Friday. Please encourage daily revision on Edshed or in spelling books.

TTRockstars – Children should be aiming for a daily short practice of TTRockstars garage which totals over 15 minutes a week.

Reading – Daily. Please read with your child daily for 20 minutes. There is no better way to practice reading skills, develop vocabulary and improve reading fluency.

Please see the separate sheet which describes our topic home learning challenges for the term.

Have a wonderful half term.

Mrs Bugg
