

## **Bikeability Parent/Carer Application and Consent Form: Level 2**

This form must be signed and returned to the school and a summary will be handed to the cycle instructor before training commences. If it is not, your child will not be permitted to take part in the cycle training course.

Bikeability course at: .....

Date of Course: .....

Child's Name (BLOCK CAPITALS, how you would like it to appear on certificate)

.....

Date of Birth .....

School Year (if applicable) .....

If your child suffers from any condition, medical or physical (e.g. asthma), which may affect their safety or impact on their participation whilst taking part in training, this **MUST** be specified below. Medications needed should be carried during training:

.....

.....

My child does not suffer from any condition, medical or physical, which may affect their safety or participation whilst taking part in training. **Please tick** ☐

### **Emergency Contact Details for the duration of the course**

Emergency contact name:.....

Relationship to child:.....

Emergency contact telephone:.....

**I have read the information and declaration on page 2 below.**

**Parent/carers signature.....Date.....**

## Important information for parents/carers:

- Your child needs to bring a roadworthy bicycle to every session. Please check that it is fully working and roadworthy before training commences.
- Bikes that are considered unroadworthy or unsuitable will not be allowed to be used. You must be prepared to organise and pay for any repairs to make your child's bike roadworthy.
- Instructors may make adjustments to bikes, such as saddle/handlebar height or brake lever position to assist rider performance.
- Please make sure that your child has the appropriate clothing to suit cycling and changing weather conditions and time of year.
- We insist your child brings a helmet which must be the correct size and fit. This should bear a recognised test standard such as the BSI Kite Mark, ANSI or American Snell B. 95, European CE Mark. The instructors may refuse to train a child if they deem the helmet unsuitable. (The child should be able to fit their own helmet.)
- Your child must attend all training sessions to achieve the Bikeability award.
- Trainees will be under supervision at all times and misbehaviour will not be tolerated.
- If your child is considered to be unsafe, they will not be allowed to continue cycle training on the road.
- Whilst every care will be taken to ensure your child's safety, your attention is drawn to the insurance cover provided by Worcestershire County Council which is for **public liability only** and does not provide Personal Accident Insurance for anyone undertaking this course, nor does it accept responsibility for the actions or personal behavior of participants. Worcestershire County Council is not responsible for any injury to persons or loss or damage to property which does not result from the negligence of an instructor.
- Your information is important to us. We will ensure that the information we hold about you and your child to administer Bikeability is kept secure and only for as long as necessary. We will not share your data with any third parties unless we are required or able to do so in law. Please see the Council's Full Privacy Notice ([Worcestershire County Council Privacy Notice](#)) for more information about how we process your information and your rights.

**Declaration:**

**I allow my child named above to undertake training in the Worcestershire Bikeability Cyclist Training Scheme and understand that it will involve cycling under supervision on roads in the selected training area. I will ensure that their cycle is in a roadworthy condition and understand that I must provide an approved cycle helmet for my child. I can confirm that my child is able to ride a bicycle unaided and with good control and balance. I declare that I have read and agree to abide by the conditions contained in this form and the accompanying letter and have provided details of any condition that would affect my child's safety. I recognise that participating in Bikeability Level 2 does not mean it is safe for my child to ride independently. To become a proficient cyclist takes more practice and experience outside of lessons.**
