

## **Statement relating to ongoing ratification of School's Safeguarding Policy**

The School adopts the model Policy from Worcestershire Children First, adapting it for practice at Flyford Flavell Primary School. Due to the changes that are made to the model policy during the school year, the Governors/Management board have agreed that the policy will be formally agreed and ratified annually at the Autumn Full Governor Meeting.

The Full Governing Body have agreed that if the Local Authority make changes made to the model policy during the year, the school's safeguarding lead will adapt the policy for the school, review it with the Safeguarding Governor, and then the school will formally adopt the policy at this point.

Governors signatures:

Anne Howarth  
Chair of Governors
