### Roman History

This term, our Year 3 & 4 children have been deepening their understanding of the Roman invasion of Britain through exciting, practical learning. They took part in practising Roman army formations, helping them to understand how the Roman military was organised and why it was so effective. Using this knowledge, pupils explored how the Celts responded to the Roman invasion, explaining different viewpoints and applying their understanding in class debates. There was plenty of fun and laughter coming from the hall as the children planned their invasion, bringing history to life in an exciting and memorable way .

### Super Learning

Our Reception children have been having great fun rolling tyres across the field this week. While it may look like simple play, this activity supports a wide range of learning. The children were developing their gross motor skills, balance and co-ordination, as well as learning to work together, take turns and solve problems as they explored how to move the tyres across different surfaces. Lots of mathematical language was used too, as children compared sizes, talked about speed and distance, and experimented with cause and effect. Best of all, learning took place through laughter, teamwork and plenty of fresh air and a little mud!

### Eco Champion

Well done to Alana who has been awarded our Eco Champion wobble to look after for the term. Alana has shown fantastic enthusiasm and leadership by encouraging our Eco Council to take part in the RSPB Great School Birdwatch. She also brought in a helpful poster to support bird identification, making it easier for everyone to get involved and learn more about the wildlife around our school. Thank you, Alana, for your commitment to caring for our environment.

### Year 6 History

This term in History, Year 6 pupils have been exploring the Blitz and its impact on Britain during the Second World War. Using historical photographs as evidence, our children have been developing their skills as historians by looking closely, asking questions and making thoughtful inferences about life in wartime Britain.

### Well Done!

Well done to Thomas who with his team won the Winter Central Warwickshire League Under 9s Cup over the weekend.

Thomas played a key role in the victory, scoring a goal from a free kick. A huge congratulations to Thomas and his team mates on their hard work, teamwork and well deserved success!

### Super Spellers

Very well done to Evie and Beau for winning our Fuzzy and Buzzy awards this week.

Mr Jones says that Evie has constantly worked hard on her spellings, ever since the start of Year 1. Beau has been ensuring that he includes his spellings within his work during lessons, and consistently scores 9s and 10s in his spelling tests.

### Maths Day 6th February

As previously mentioned we will be celebrating Maths on Friday 6th February.

Children are welcome to come to school wearing a maths-related top alongside their usual school uniform trousers or skirts. This could be a numbered sports top, a top with geometric patterns, or simply a number or shape pinned onto an existing top, anything with shapes on it will be just fine. If you're unsure or struggling for ideas, do have a chat with your child's class teacher, as we are very happy to provide numbers or shapes for any children who need them.
