

## History

### How did we learn to fly?

The children will learn to:

Identify significant events from the past.

Ask questions about people and events.

Use primary sources to find out about the past.

Order events connected to the history of flight on a timeline.

## Computing

### Digital Imagery

The children will be learning to:

Develop photography and image editing skills.

Capture photos to create an adventure story.

Search for and import images.

## Music

### Singing

The children will be learning to:

Breathe after each phrase when singing a variety of folk songs.

Use different pitches.

Collaborate with a group and perform a composition.

## English

### Key Text:

#### Somebody Swallowed Stanley

In Year 1, we will be writing non-fiction texts about animals, joining words and clauses with 'and' and add suffixes -er and -est to adjectives. We will continue to use full stops, capital letters, question marks and exclamation marks accurately.

In Year 2, we will be writing non-fiction texts, using subordination (if, so that, because) to extend ideas within a sentence.

We will use apostrophes for contracted forms and use and spell common homophones.

## Science

### Plants

The children will be learning about:

The different parts of plants and trees.

Common wild and garden plants.

Plants and trees that are in our local area.

The differences between deciduous and evergreen trees.

Observing changes in plants as they grow.

# Year 1 and 2 Summer 1 Topic Web

## How did we learn to fly?

## Design Technology

### Food and Nutrition - Smoothies

The children will be learning about:

Naming and describing fruits and vegetables.

Prepare fruits and vegetables to make a smoothie.

## PSHE

### Economic Wellbeing

The children will be learning about:

Ways to keep money safe.

The role of banks and building societies.

How to make choices about spending or saving.

## Mathematics

In Year 1, we will be learning about multiplication and division. We will count in 10s, 5s and 2s and recognise equal groups. We will make arrays and make equal groups by sharing and grouping.

In Year 2, we will learn about fractions and recognise fraction notation for a half, quarter and third. We will find halves, quarters and thirds of quantities, groups and shapes and understand unit and non-unit fractions. We will also tell the time to 5 minutes.
