

History and Geography

This term we will be exploring deserts around the room. This will include a deep exploration of how the biomes differ others. We will then be delving into how deserts can be used to sustain life.

Science

In science, we will be moving onto our new topic of reversible and irreversible changes, including filtering different materials. We will also be observing our cloned plants, which we completed at the end of the last half-term.

Computing

We will be starting our computing learning this year with consolidation of our e-safety learning, whilst discussing the risks online. We will also be showcasing our skills that we have developed over this year.

Music

We will be delving into the world of Musical Theatre, which will explore how music contributes to storytelling.

English

We will be exploring soliloquy and exploring the world of Shakespeare and some of his most female heroines. We will be using this to write from the perspective of one of this character and express thoughts and opinions.

Deserts

Would you like to live in the desert?

Art & DT

We will be exploring portraits this half-term. This will include exploring how different types of media can be produced with different resources.

PE

This half-term, we will be developing our badminton skillset on a Monday with Mr Kearns, and on a Thursday, a focus on cricket and the associated skills, with Mrs Rea.

Mathematics

In maths we will be continuing with our work on decimals, using our knowledge to support this. We will then be exploring negative numbers before finishing off with converting units. Every day we will practice fluency of our mental and written arithmetic and our reasoning skills.
