Welcome back, Year 5!

Hello parents and friends,
I hope you all had a fantastic summer holiday! I have been fortunate enough to spend mine with my family, including a few camping trips around the country. I look forward to hearing about what the children got up to over their holiday. Your child is also invited to take part in our Year 5 Toast club, where for £1.50 per half-term your child can have a slice of toast every Wednesday!

We have an exciting year ahead of us, which I hope will be filled with learning and laughter. More details of our topics can be found on the Year 5 class page, please get in touch if you have any questions. I look forward to seeing more of you as the year progresses!

Class Teacher: Mr Kearns

Class Teaching Assistants: Mrs Rea and Mrs Wright

Our Curriculum

Attached to this newsletter you will find the curriculum map document for this half term. In it, you can read about all the exciting learning the children have to look forward to. We are exploring the Vikings and if they were raiders or traders. We will also be looking at writing a series of diary entries based on the explorer Matthew Henson.

Autumn 1 P.E.

This year, P.E will be on a Monday and a Thursday. The children will change for P.E in school but will return home in kit, giving them a few days to bring it back in! This term we will be looking at Football and gymnastics. As the weather begins to change, please send in suitable clothing and footwear.

Across the Summer term, we are hoping to participate in a range of external opportunities for KS2. For more information on how these are allocated please click [here](#).

Home Learning

Infinity – Mondays. A fun online maths activity which is tailored to our maths learning in school and your child's level. Please encourage children to ensure this is completed.

Weekly spellings - Fridays. Every Friday I will issue spellings; the spelling test will be completed the following Friday. To aid spellings we have subscribed to EdShed where the children can log on in the week and practice their spellings. If you could support your child with their weekly spellings, it will be deeply beneficial to your child.

English – Wednesdays. Children will be set a worksheet which will strengthen their learning of a range of elements and a chance to write at length.

Topic – To aid our learning in Topic, home learning will be set to support the learning in class, this will be set when needed, with adequate time to complete.

Time Table Rockstars – 20 minutes across the week. We encourage children to continue to use this fun and engaging system as their multiplication and division facts will be used throughout different areas in maths.

Reading – Daily. Please read with your child daily for 20 minutes. There is no better way to practice reading skills, develop vocabulary and improve reading fluency.

Thank you so much for your continued support and my door is always open for any questions, queries, or information you have. Have a wonderful half term.
Mr Kearns
