

History and Geography

This term we will be exploring The Vikings and how they lived during their period. This using will include discussing whether they are raiders or traders.

This learning will also cover why they came to Britain and also where else they went to.

Computing

We will be starting our computing learning this year with consolidation of our e-safety learning, whilst discussing the risks online. We will also be using the laptops to programme music.

Music

We will be composing and notating our own musical score, using the basis of the Egyptians as a starting point.

We will also be learning a class song to perform during the Harvest Service.

English

We will be writing our own extract for a fantasy story, based on The Last Firefox.

We will also be taking a dive into the genre of debates and posters.

Science

In science, we will be starting out by looking at forces and how they all impact us on earth.

We will also begin our next topic of earth and space, including the planets around us.

We will be looking to carry out a range of practical observations to aid our learning.

The Vikings

Were the Vikings raiders, traders or something else?

Art & DT

We will be focusing on electrical systems and using this to create a rotating axis.

PE

On Mondays we will be focusing on improving our skills within football.

On Thursdays we will focus on gymnastics, which will be with Mrs Rea.

Mathematics

In maths we will be starting off expanding our knowledge on place value, looking up to numbers of 1,000,000.

After this we will be using this knowledge to support our learning with addition and subtraction.

Every day we will practice fluency of our mental and written arithmetic and our reasoning skills.
