Year 1/2 Home Learning

Where am I?

(due date: 16th December 2026)

Art/Design

- Create your own wall tile! About the size of a brick, decorate your own wall tile. Making it out of paper or card is fine! We will try to put them together to make our own wall!

- Make a map of an area! It could be local, abroad, anything!

Maths

- Make + - = symbols out of random objects you can find! The more random and innovative the better!

- Find number bonds in real life! It could be 2 sheep + 3 goats or 6 trees + 4 lampposts. Collect your evidence in whichever way suits your findings the best!

- Find the most amount of one thing that you can! The person with the most of one thing wins! E.G. 100 leaves, 200 stones, anything! You must count and prove how many there are!

English

- Write a short story in which the main character is an animal!

- Write a letter to an alien, telling them all about your local area!

- Write a description of an animal. Include as many adjectives as you can and allow us to guess what your animal must be!

Science

- Create a fact-file about your favourite animal! This could be a poster, a presentation, a piece of writing, anything you like!

- Film a video of you testing the strength of different materials! Email it into the office!

Reading

- Read a non-fiction book about a place in England and share some facts that you learn!

- Share a book review on a story book about an animal! E.G. The Tiger Who Came to Tea, The Gruffalo, The Hungry Caterpillar, etc.
