The Vikings & The Alps
Home Learning

Due date - 16th December 2026

History and Geography

Highlight key towns and cities from Vikings and mark where some of the largest settlements were.

Research and plot a journey along The Alps, think about timings, equipment, and training.

Create a holiday for Mr Kearns to The Alps. Think about how long the holiday would need to be, ideal time to travel, what could be done there, etc.

Entertainment

Research entertainment that would have been enjoyed by the Vikings and compare to modern entertainment.

Create a poster advertising an activity available at The Alps. Think about the elements you may include.

Computing

Use your research skills to find resources to support the tasks this term. When researching remember to check if you think the website can be trusted and why.

Art

Draw your own interpretation of what a Viking looked like. Consider using a range of techniques.

Draw a landscape picture of The Alps, you could use a certain artist style to create these.

Design

Build your own Viking armour or long boat from different materials from around the house.

Build a scaled model of The Alps, think of what materials you could use.

English

To write a newspaper article reflecting on the arrival of the Vikings at your local village. Use your learning to think of how the Vikings could have appeared.

Write a short story describing the journey across one of the trading routes, describe how dangerous the seas may have been.

Write a short story which explores travelling through The Alps. You may choose the style of the story.

Write a poem relating to an element of The Alps (weather, journey, size) you can choose the style of poem.
